**Building a Bigger,
Better Future**

*"If we can make the connection between
our employees' daily work and
their dreams for the future, we will unleash an
energy that will transform our business."*

- MATTHEW KELLY

Building a Bigger, Better Future Training

Based on Matthew Kelly's *The Dream Manager*

The destiny of your organization and the destiny of the people who drive your organization are inseparably linked. *The problem is:* the great majority of the people in the workplace today are actively disengaged at some level. To varying extents, they don't feel connected to the work they do, the organizations they work in, or the people they work with.

The Dream Manager concept provides the connection between people's daily work, your company's mission, and their dreams for the future. It offers a revolutionary way that organizations large and small can actively engage their people and create a competitive advantage of monumental proportions.

Training Objectives:

- ✓ Provide an energetic event that allows participants to reflect on their own dreams as well as practical ways to implement the leadership concepts within their organization.
- ✓ Explore the powerful connection between employees' dreams and a company's ability to achieve goals.
- ✓ Help participants recharge personally and professionally.

Training Topics Covered:

- Building a more dynamic, engaged culture through the power of dreams
- Experience a Dream Storming session and Dream Sharing
- Get more energy - The Rhythm of Life scorecard tool
- Target dream action planning
- Exploration of the bold dreams for your company
- Simple steps to take back and implement with your team

The Floyd Philosophy:

Your organization can only become the-best-version-of-itself to the extent that the people driving your organization are becoming better-versions-of-themselves.
